Mid-Volume Value A Plate Printer for Production Lines And Finished Goods Identification

The LabelLase JM410 uses interchangeable plates to print standard or custom/die-cut tags. Plates can be designed to print multiple tags of various sizes in a single pass. Versatile and value priced, the JM410 is a favorite of product companies needing customized ID tags that last the lifetime of their products.

- ◆ Sharp, clear text, bar codes, logos, graphics, and user controlled fonts.
- ◆ Fits easily in assembly lines, desk tops or work station bench tops.
- ◆ Unrivaled range of tags for special operating environments.
- ◆ Customized carrier plates and die-cut tags available.
