### A New Industry Standard More Tags in Less Time

Roughly ten-times faster than our industry leading LL1000, the LL4000 sets a new standard for productivity. Its speed makes it especially valuable when production lines increase speeds, or when you need more data on your tags.

The LL4000 is slightly bigger than the LL3000, and it still fits easily on desk tops, inside control cabinets and pulpits or as a stand alone on its own cabinet.

- ◆ Sharp, clear text, bar codes, logos, graphics, and user selectable fonts.
- ◆ Higher performance, without sacrificing reliability or versatility.
- ◆ Allows for longer tags with bigger bar codes and more and larger text.
- ◆ One-year warranty and lifetime live 24/7 technical assistance.
- ◆ Free software - included.
- ◆ Integrated internal exhaust.
- ◆ Optional 60, 80 or 100 watt laser.
- ◆ Optional tag widths of 3, 3.5, 4, 4.8 or 5 inches (76 mm - 127 mm wide).
